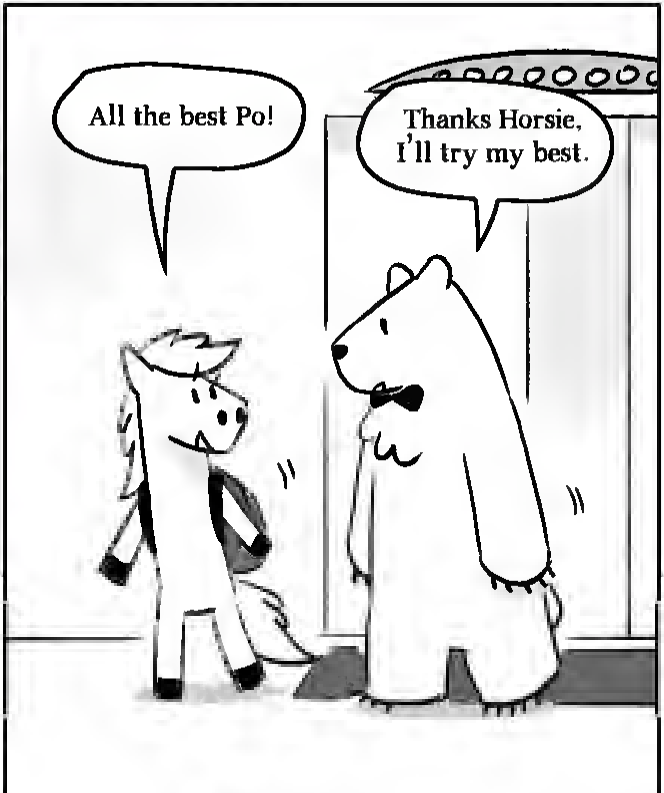
Polar Bear Interview



All the best Po!
Thanks Horsie, I'll try my best.

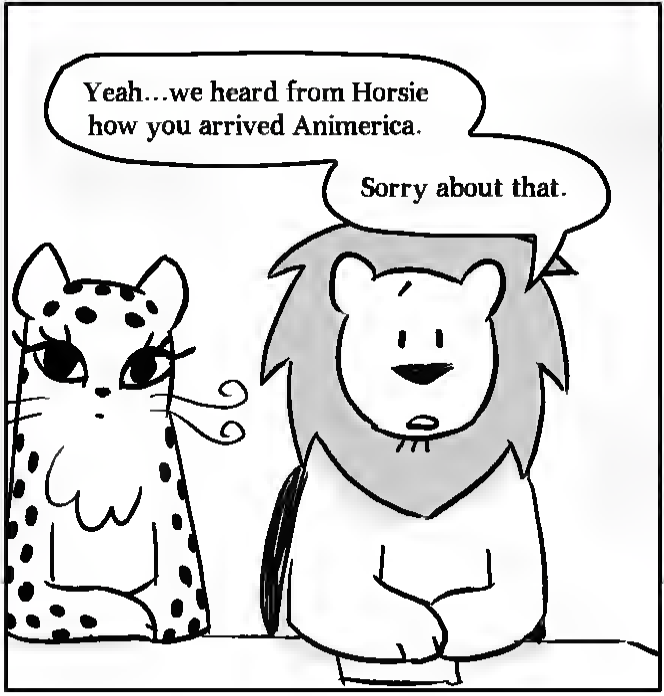
This is that homeless polar bear?
He looks totally different!
Wow...

Po, please come in.
ROAR STREET JOUR

Po, you can do it!

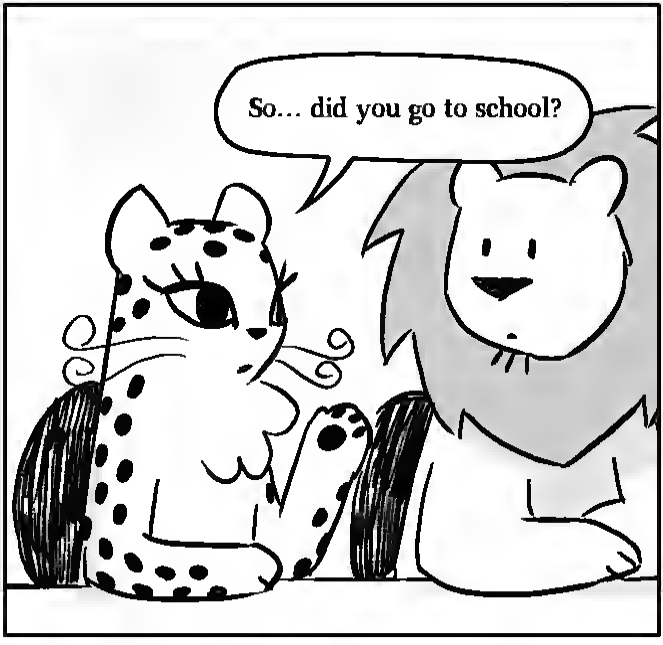
Alright Po, tell us a little about yourself!

Well, my name is Po, and I come from a place far away...



Yeah...we heard from Horsie how you arrived Animerica.
Sorry about that.

I've been homeless for a while now...
I want to improve my situation.
I hope I can have
an opportunity here.



So... did you go to school?

No, I didn't. All kids in the Arctic are homeschooled.

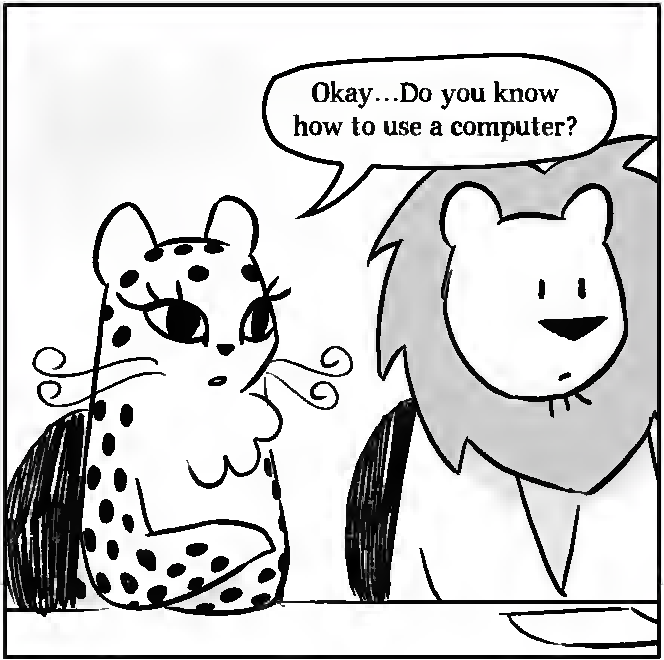
Well then, what did you learn in the Arctic?

I can read and write.
I can cook.

I learned to read the stars and predict the weather.

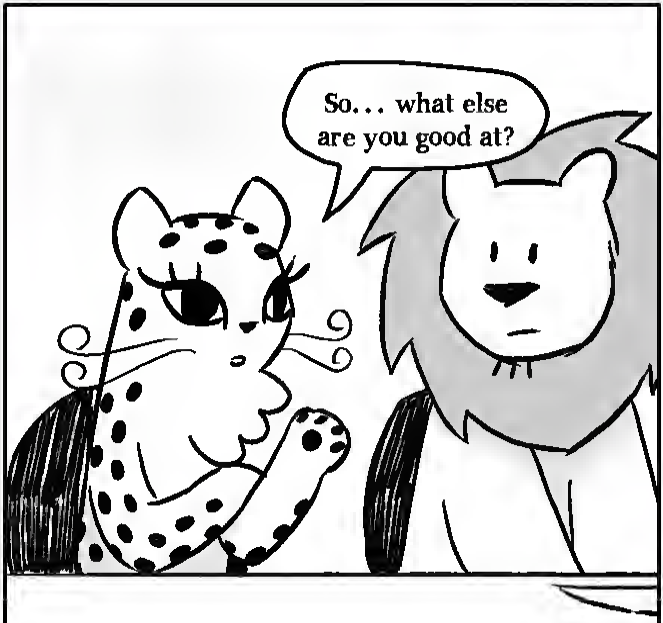
I cut snow blocks and build houses.

I repair things around my house.



Okay...Do you know how to use a computer?

No I don't, but I'm learning.
Horsie is teaching me.



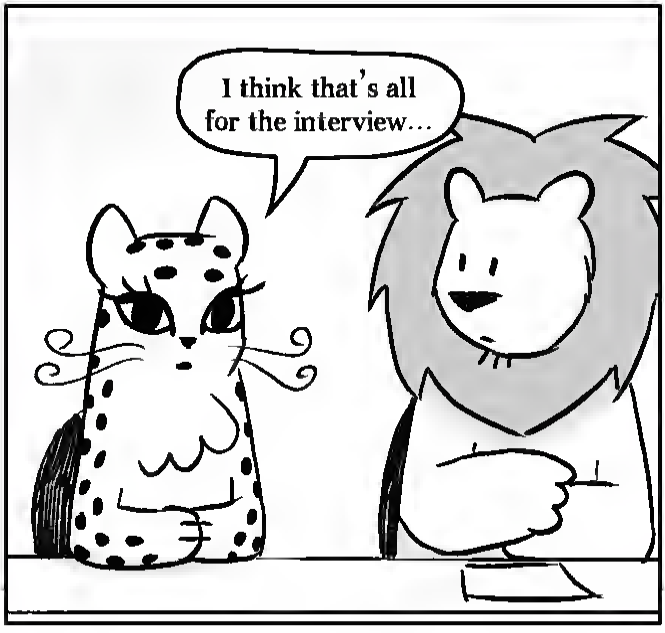
So... what else are you good at?

I'm good at swimming, hunting and navigating.
All survival skills

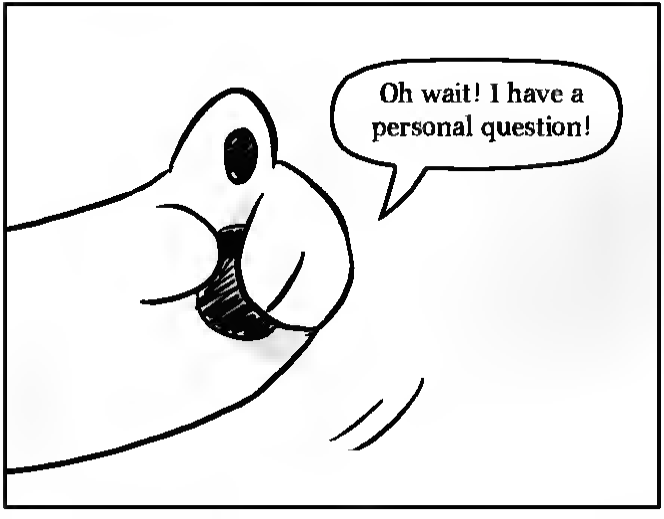
That's nice, so how do you think you can help at RSJ?

I don't know, but I will try my best to learn.

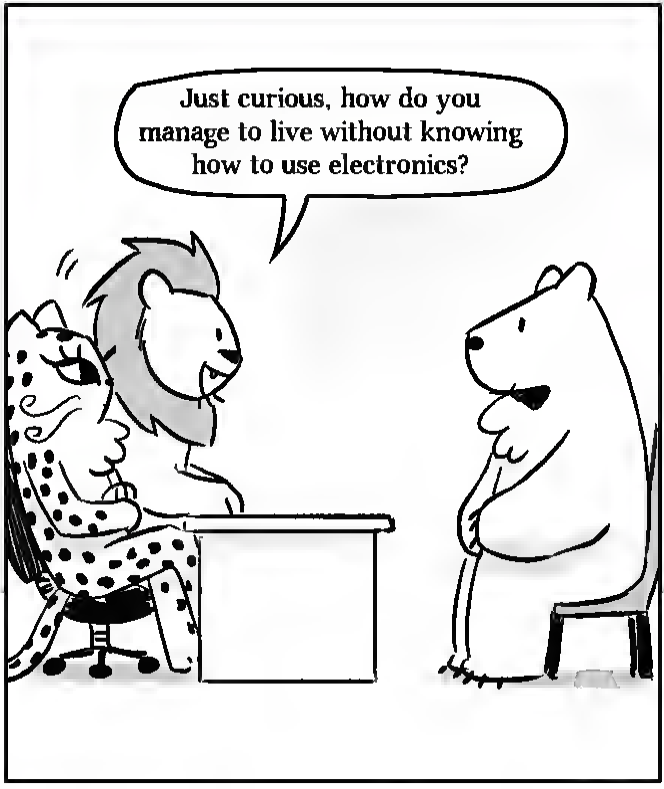
I can make drinks for everyone.
.....



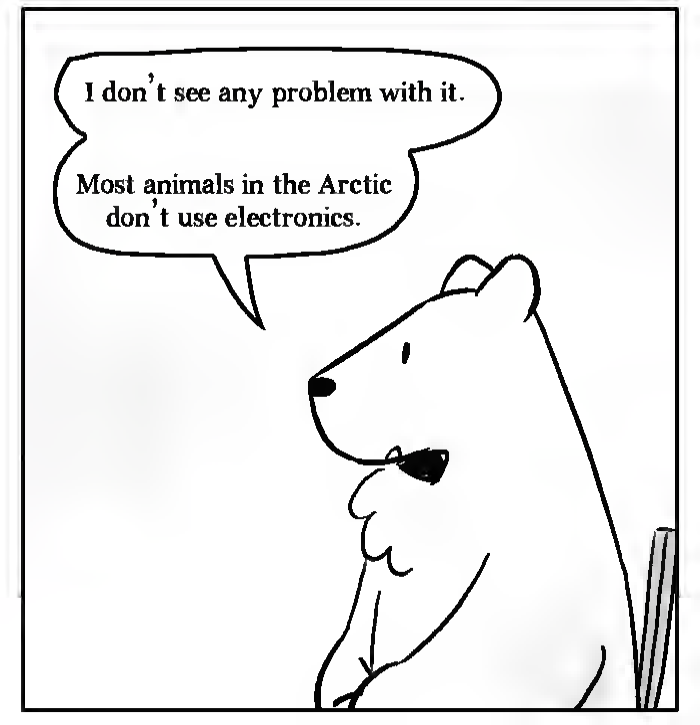
I think that's all for the interview...



Oh wait! I have a personal question!



Just curious, how do you manage to live without knowing how to use electronics?



I don't see any problem with it.
Most animals in the Arctic don't use electronics.

But isn't it boring?
I'd be bored to death without internet!

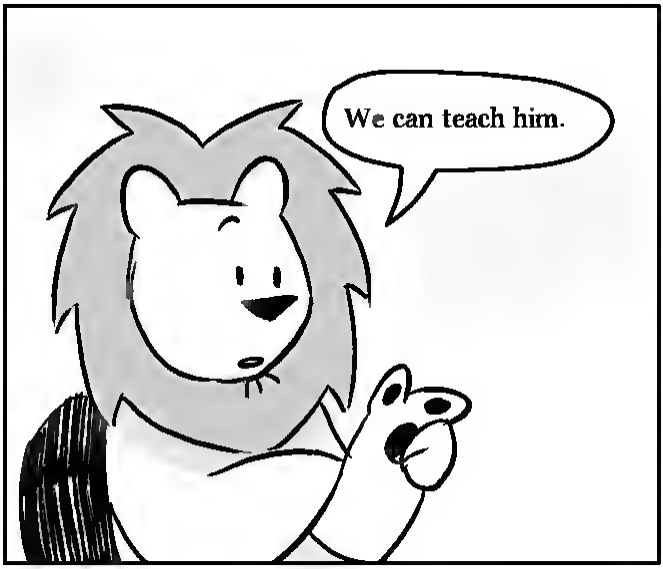
I don't find it boring. There are other interesting things to do.
I don't understand why the animals in the city are so busy.

ROAR STREET JOURN

How is it?
STREE
I don't know...
Seems like I don't have the things they are looking for.

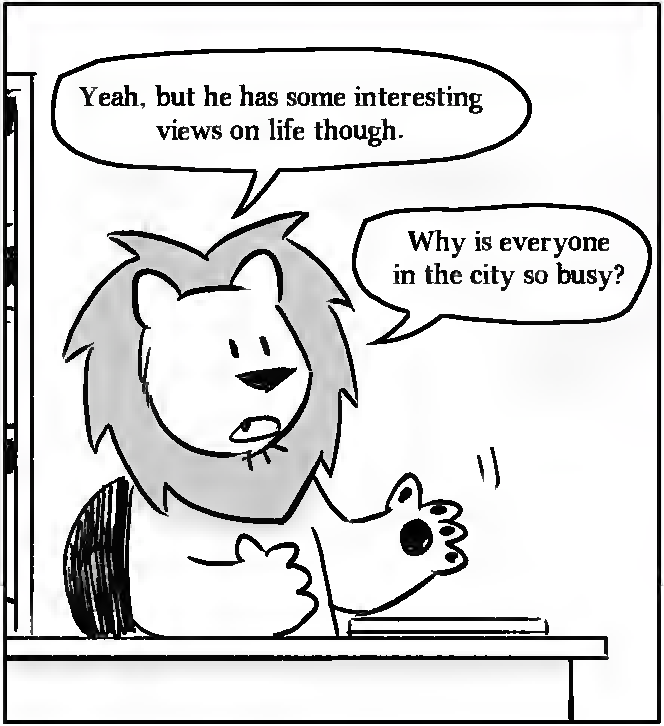
Well, let's hope for the best!
Anyway, want a drink?

Well, Po is sure a nice bear.
Yes, but he doesn't even know how to use a computer.
He's like a prehistoric animal...



We can teach him.

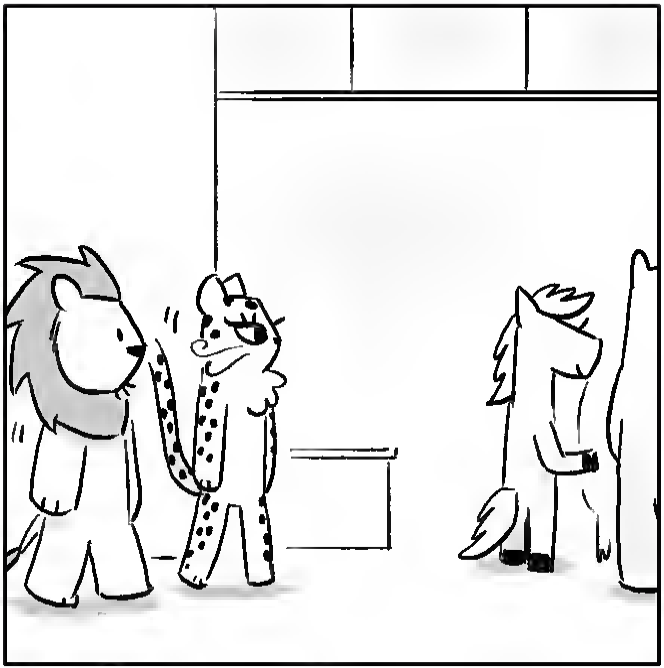
We are hiring someone to help us, not the other way round.
I don't want us end up having more trouble than before...



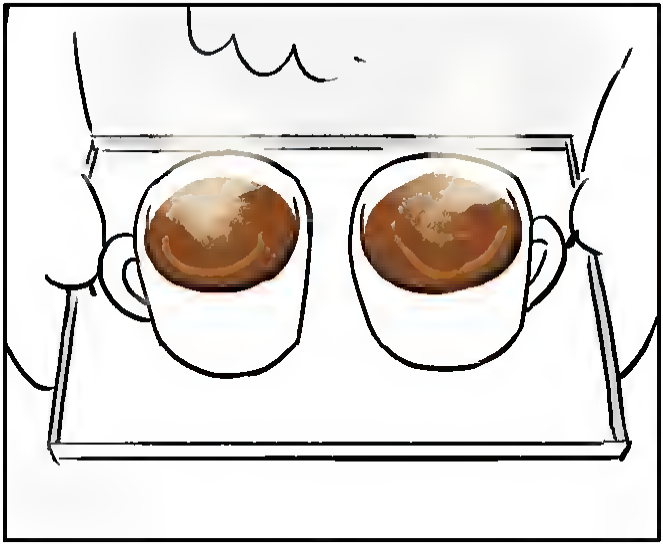
Yeah, but he has some interesting views on life though.
Why is everyone in the city so busy?

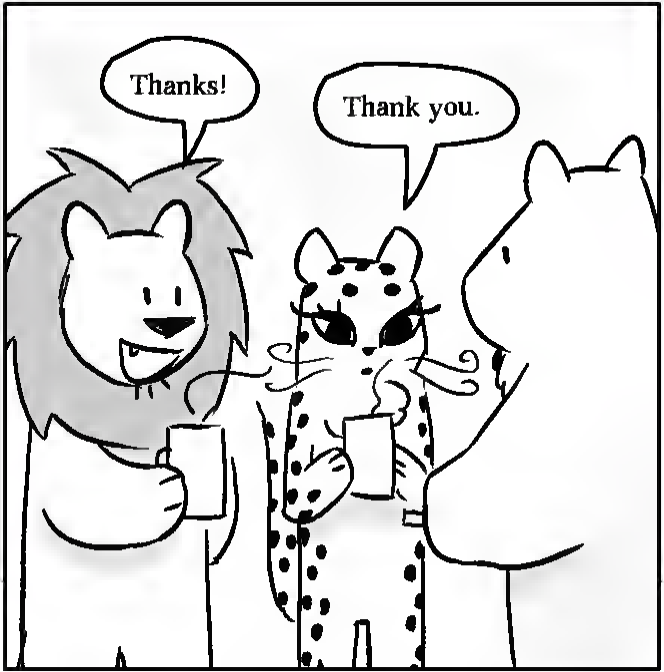
I don't know.

Give me some time to think.
The morning coffee is wearing away...



Have a cup of hot chocolate.
I borrowed the pantry to make them.

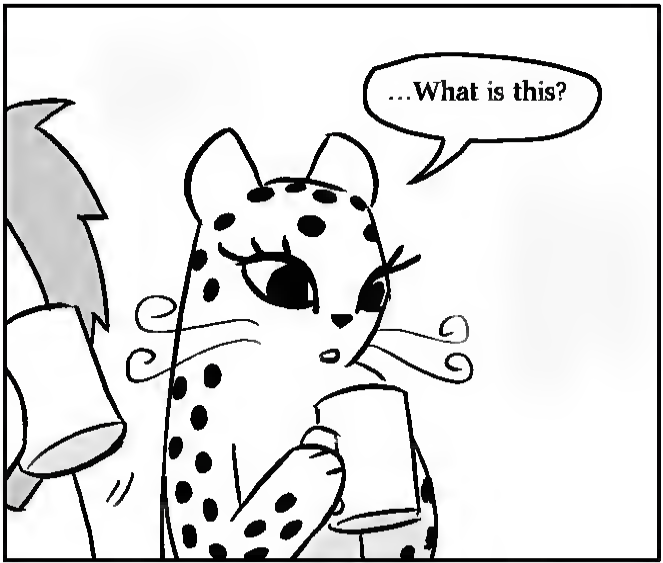




Thanks!
Thank you.

I used to make them at home, but I haven't done it for a long time.

sip



...What is this?

My homemade hot chocolate.
